

Homework: Project Tracking Tools

This document defines homework assignments from the [“Teamwork and Personal Skills” Course @ SoftUni](https://softuni.org/). Please submit as homework a single **zip** archive holding the solutions (source code only) of all below described problems.

Problem 1. Choose the Best Project Tracking Tool for You

Register and **try 3 (three) different** project tracking tools. Choose the one, that is best for you and describe why. **Write a short article** about your tool of choice and compare it to the others, you have tried. Submit it in txt/doc/docx file.
